THOUGHTS FROM YOUR SUMMER INTERN

Hello CCA Family! I was asked to write a blog weekly. I am not a parent, but I am getting my degree in Family Ministry and have a passion for families. Deryl has spent a great amount of time teaching the importance of discipling. I challenge you to be parents and grandparents who **FOCUS on discipling** your children/grandchildren.

## F—First Seek Him

Parents and grandparents, to disciple your children/grandchildren, you must seek God first. Ephesians 5:1 says, *“Therefore be imitators of God, as beloved children.”* Seeking God first means planting your feet firmly in God’s Word.

### How can you teach what you do not know?

Matthew 6:33, *“But seek first His kingdom and His righteousness...”* To disciple your children/grandchildren, you yourself must be seeking God and His wisdom.

- Set a time to pray for your children by name
- Be disciplined by one who is spiritually mature
- Regularly attend a Bible Study
- Read God’s Word daily

Remember that your children/grandchildren are watching and learning from you each day. They can see what you choose to make a priority in your life. **Show them that Jesus is a priority.** Everyone’s spiritual walk is different, but I challenge you to incorporate these tips in your life.
